

# ENTERPRIZE

## *Sailing to Port Welshpool, November 2009*

Imagine sailing Victoria's coastline in the 1830's. What it was like to leave Port Phillip and navigate what was then the southern New South Wales coastline, to witness firsthand Victoria's beautiful and rugged coastline at sunrise. Why imagine? Do it!

Experience a fantastic voyage departing Williamstown from Saturday the 21st November, sailing down Port Phillip to exit Port Phillip Heads. From there Enterprize will turn east towards Port Welshpool. Along the way she might visit Oberon Bay, pass Wilsons Promontory and possibly Refuge Cove. Our arrival at Port Welshpool is scheduled for no later than Thursday morning the 26th November.

Launched in 1997, Enterprize is constructed as close to 19th century conditions that modern maritime regulation will allow. Her wooden hull was constructed using traditional methods using mainly recycled timber. She is schooner rigged with hempen cordage and flax canvas sails, just as the original Enterprize was in the 19th century.

Sail a 19th century adventure aboard the tall ship Enterprize, replica of John Pascoe Fawkner's topsail schooner that founded Melbourne in August 1835.

Fitted with modern safety features and below-deck comforts, she still provides a first-rate experience of sailing before the age of steam and diesel.

Price for the 5 day voyage including all meals is \$1,250.00 per person. Passenger numbers are restricted so book early through our office.
